The screenshot shows the 'iam property' interface. The top navigation bar includes 'My day', 'Lettings', 'Sales', 'Accounts', 'Reporting', and 'Communications'. The left sidebar lists various features, with 'SMS' highlighted. The main content area is titled 'TextAnywhere SMS API Configuration' and includes a radio button selection for 'TextAnywhere' (selected) and 'Clockwork'. Below this is a button labeled 'Copy and enable for all branches'. The 'Registration email' field is highlighted with an orange circle and contains the text 'tb@vtuk.com'. The 'API password' field is empty. At the bottom, there are 'Cancel' and 'Link with TextAnywhere' buttons, with the latter being highlighted in orange. Below the buttons, there is a section for 'TextAnywhere aliases & sender IDs' with fields for 'Branch alias' and 'Branch sender ID'.
