

Navigating the iamproperty Sales and Lettings Dashboards

Learn how to effectively use the CRM Dashboards to manage your daily workflows, managing your callbacks, upcoming appraisals, unconfirmed viewings, feedback etc.. This guide helps you access specific sales and lettings data, understand what can be done with the data, manage property listings, and filter search results to streamline your daily workflow.

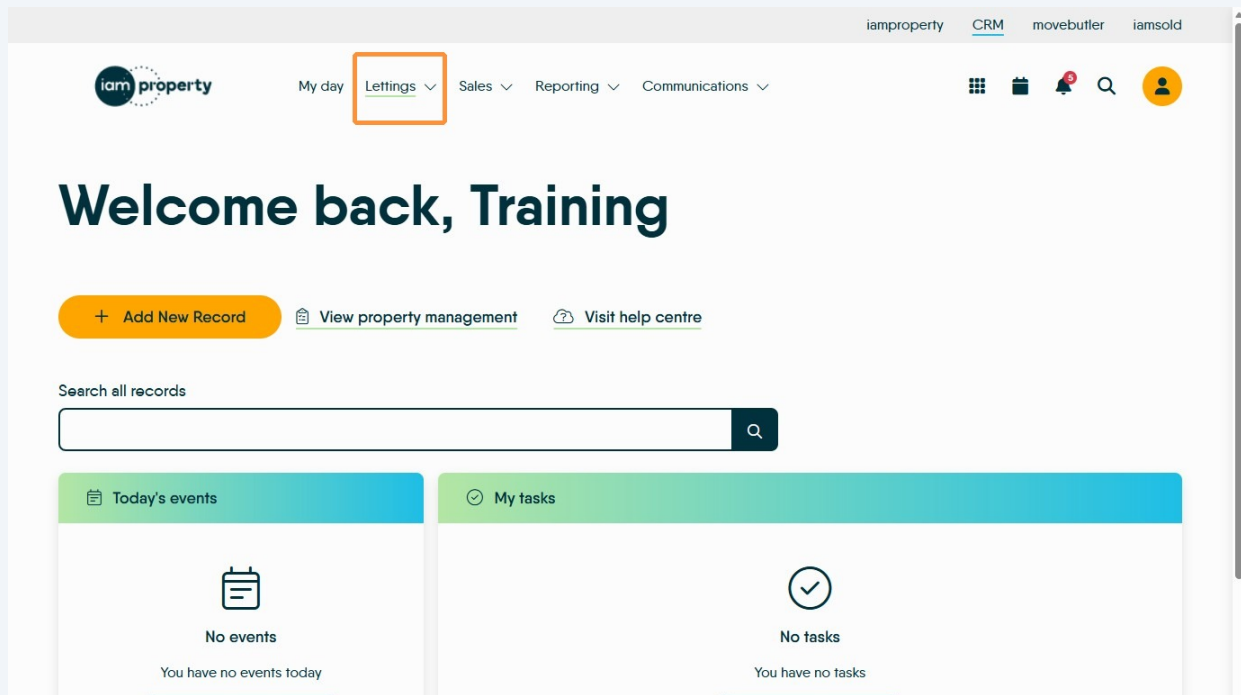

1

You can access the Dashboards from any screen in CRM using the Lettings or Sales menus at the top of the screen

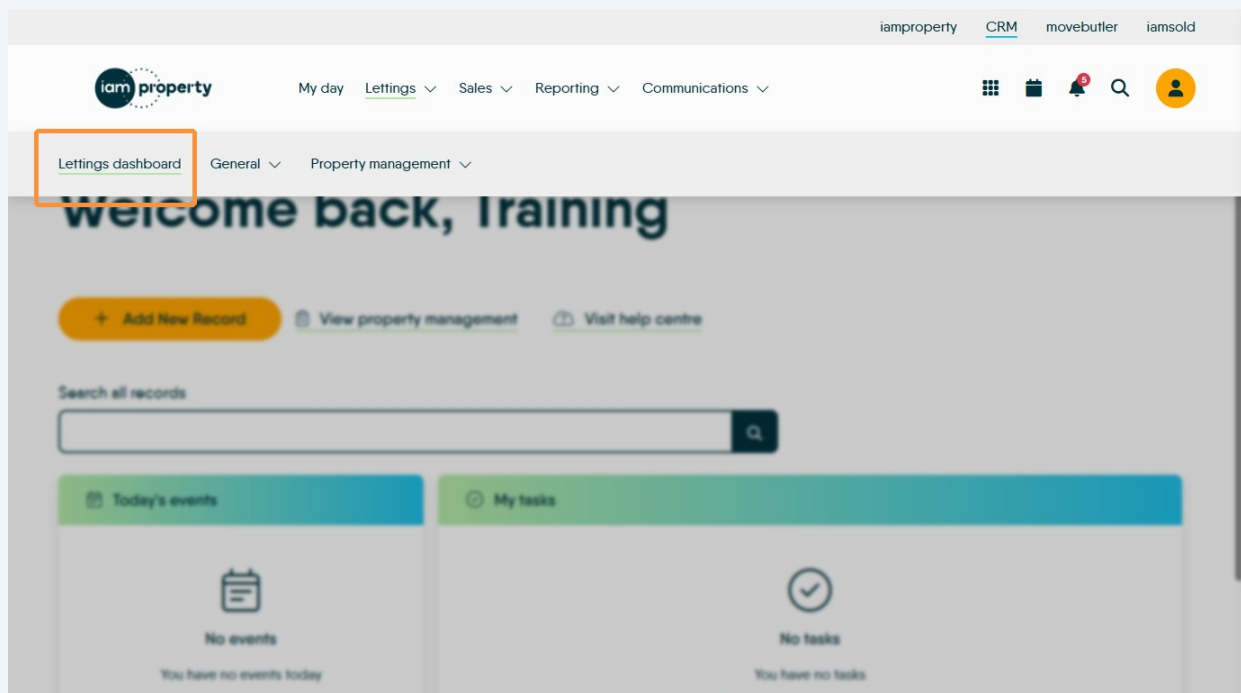

Accessing the Dashboards

2 Click "**Lettings**" to open the Lettings menu

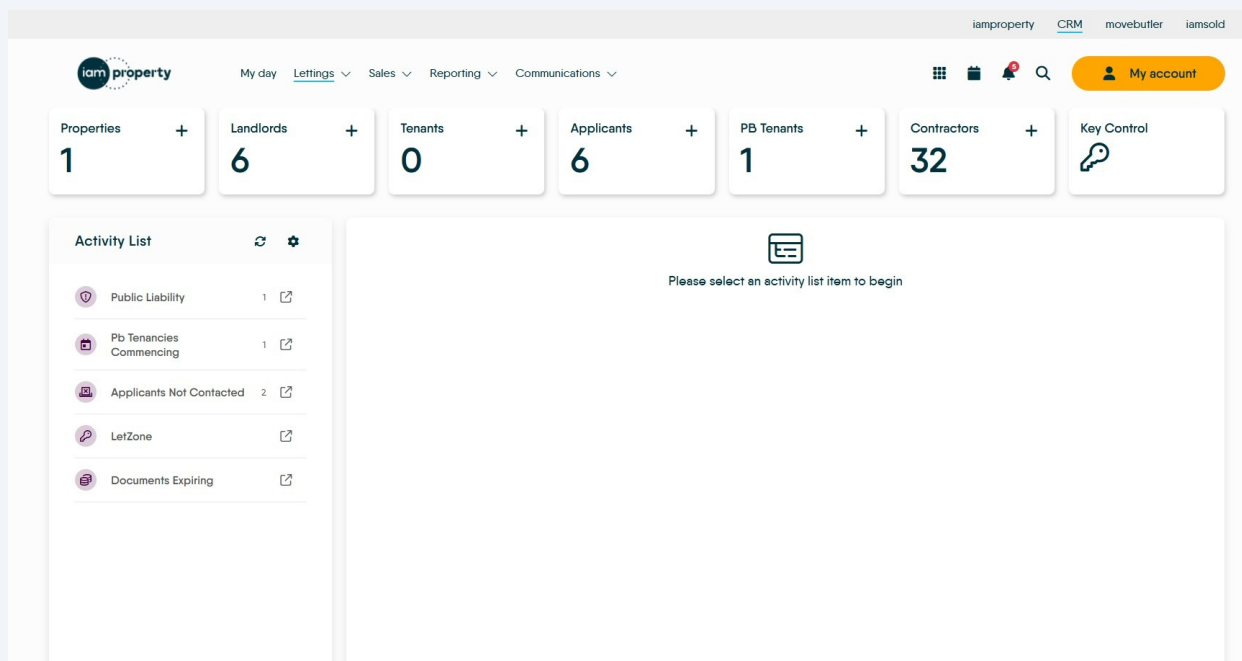

3 Then click "**Lettings dashboard**" to open the dashboard

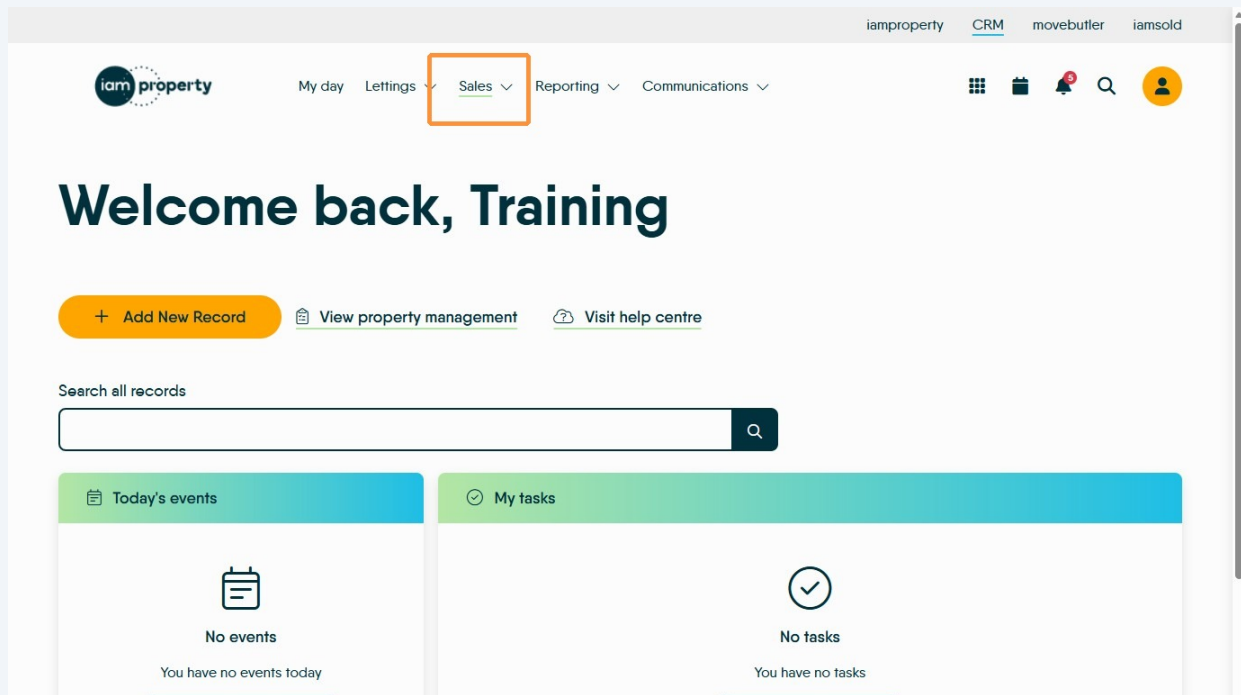

4 The **Lettings Dashboard** shows tiles allowing quick access to all your

- Properties
- Landlords
- Tenants
- Applicant
- PB Tenants
- Contractors
- Key Control

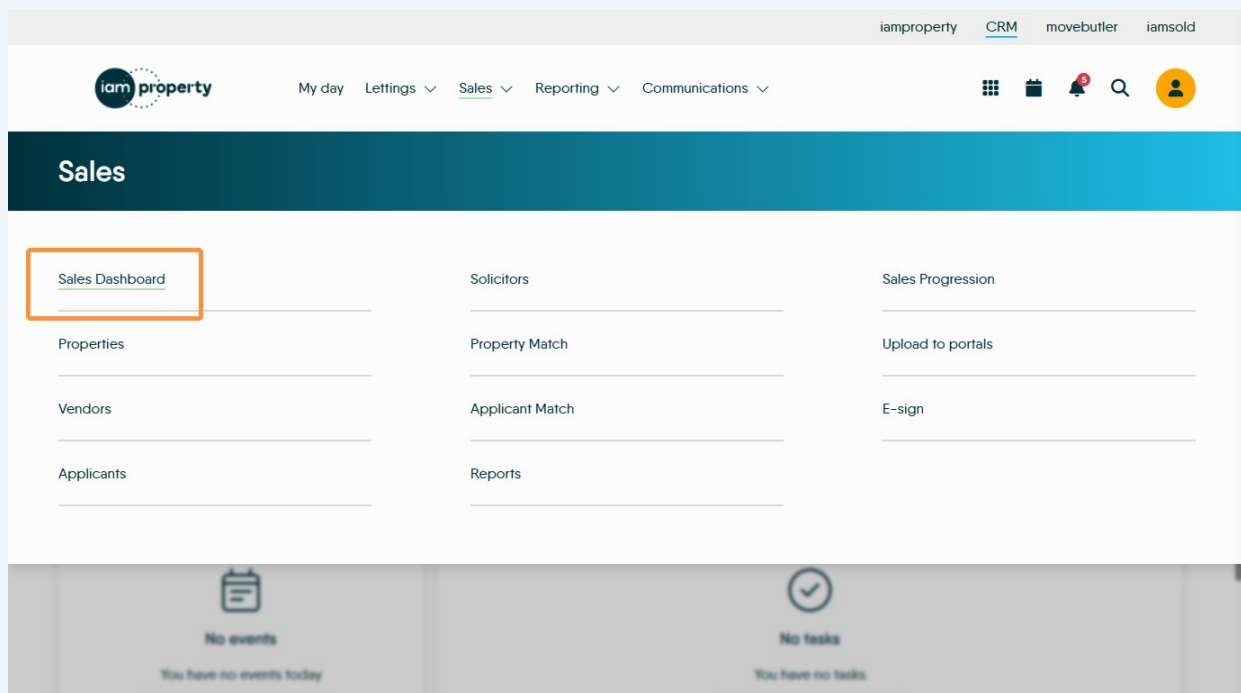

Also allows access to the '**Activity List**' showing upcoming calls, appraisals, upcoming tenancy starts and endings, plus notification of all Compliances that are due to be updated withing your set time-frame (default is 30 days)

5 Click **"Sales"** to open the sales menu

6 Click **"Sales Dashboard"**

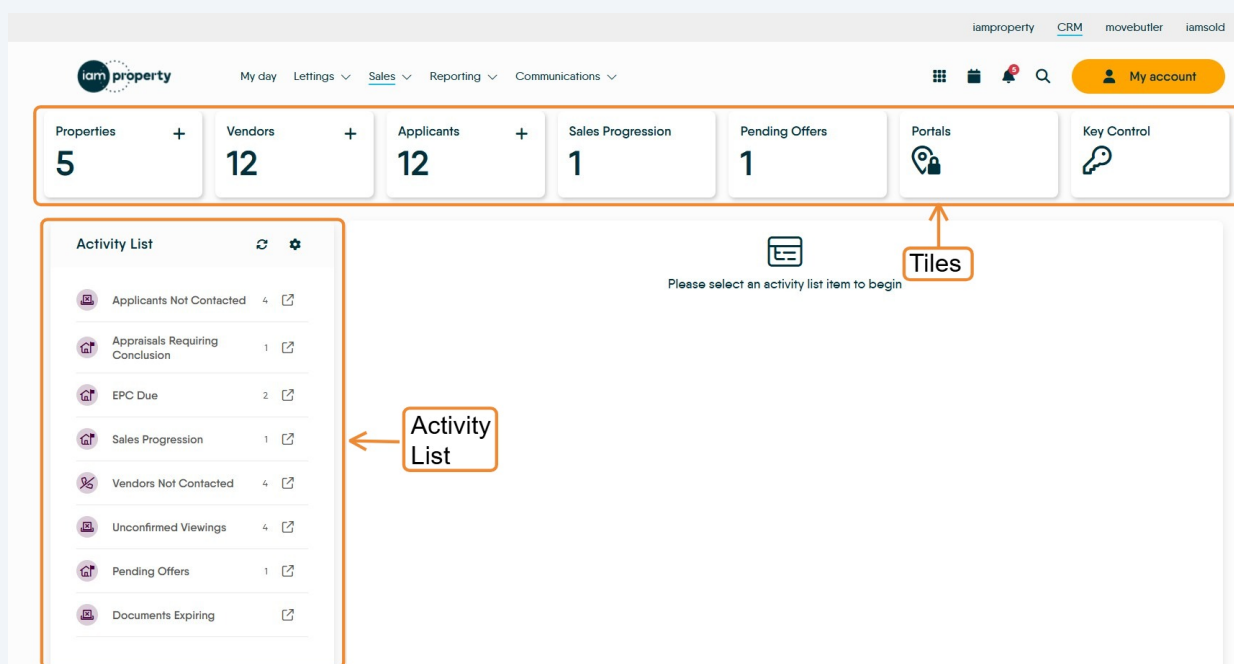

7 The **Sales Dashboard** shows tiles allowing quick access to all your

- Properties
- Vendors
- Applicants
- Sales Progression
- Pending Offers
- Portals
- Key Control

Most of the tiles are similar on both, we will detail the sales/lettings specific tiles at the end of this guide.

Also access the dashboard gives access to the '**Activity List**' showing upcoming calls, appraisals, pending offers, vendors/applicants not contacted etc. within your set time-frame (default is 30 days)

Tip! Want to know How to use the Activity list is shown in this [guide](#)

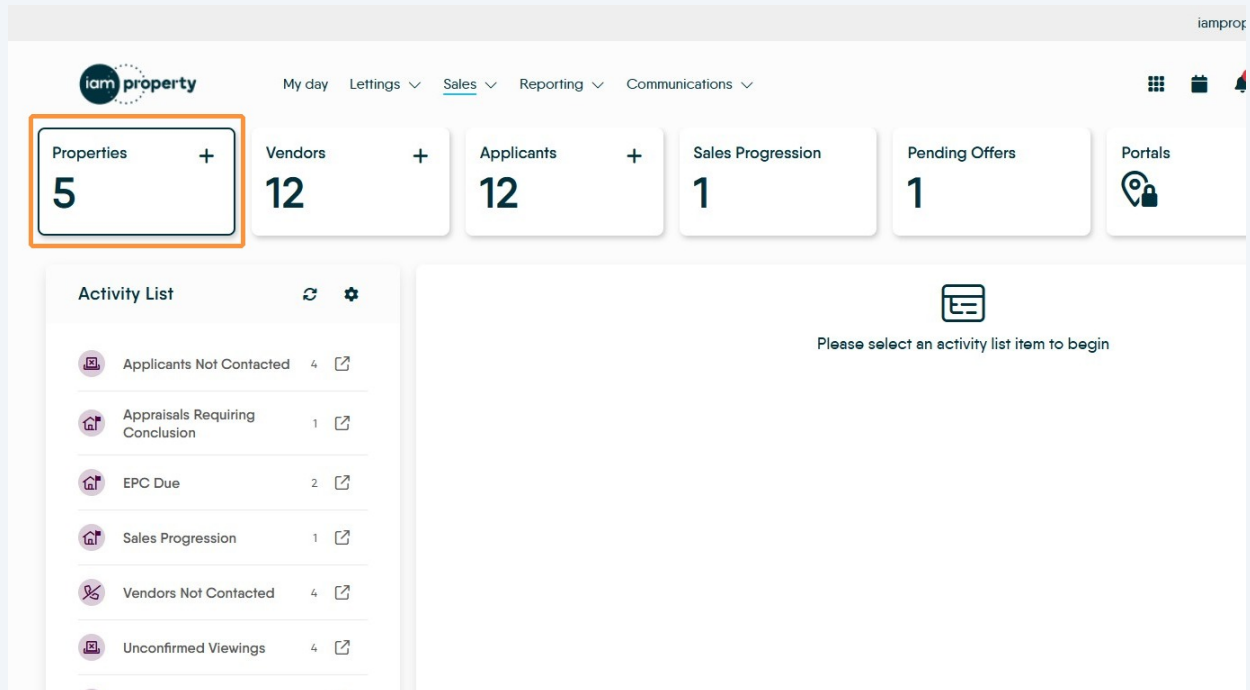

Dashboard 'Tiles'

Tip! These 'Explore Your...' screens work the same way in both Sales and Lettings environments. In this guide we look at the Sales screens

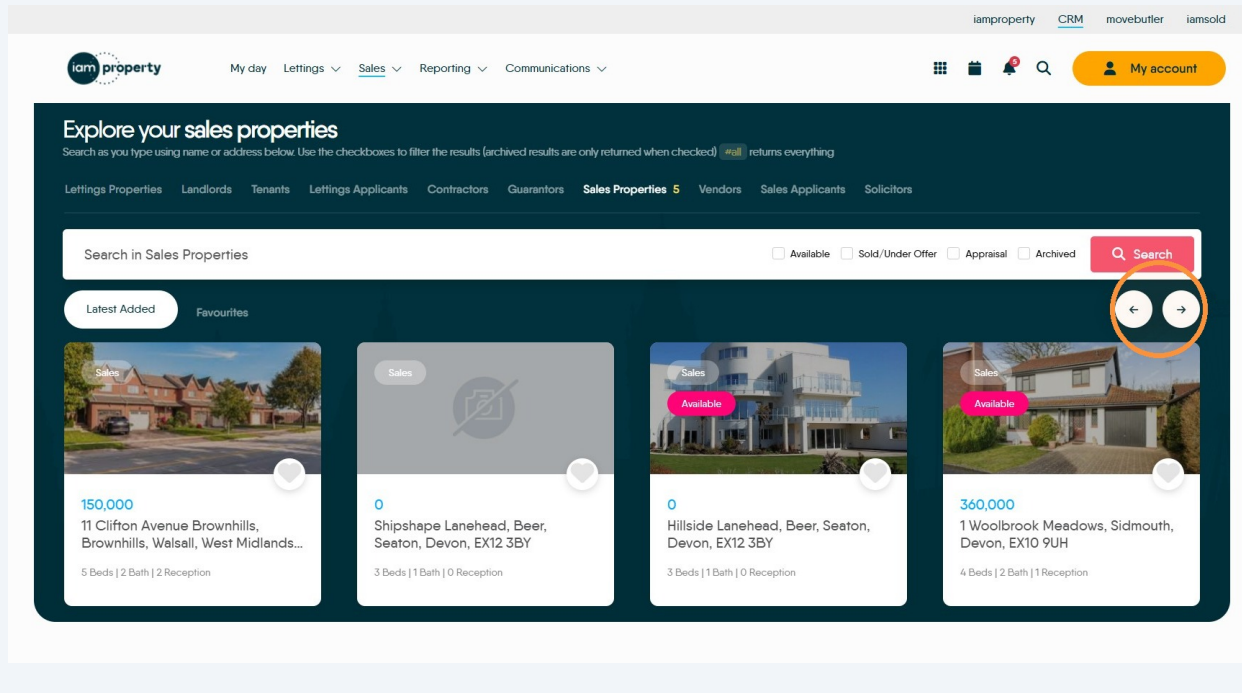

8

Clicking onto any of the tiles will open the '**Explore Your...**' screens allowing access to various sections of your data in CRM. All the tiles work in a similar way, as an example we will look at the Properties tile.

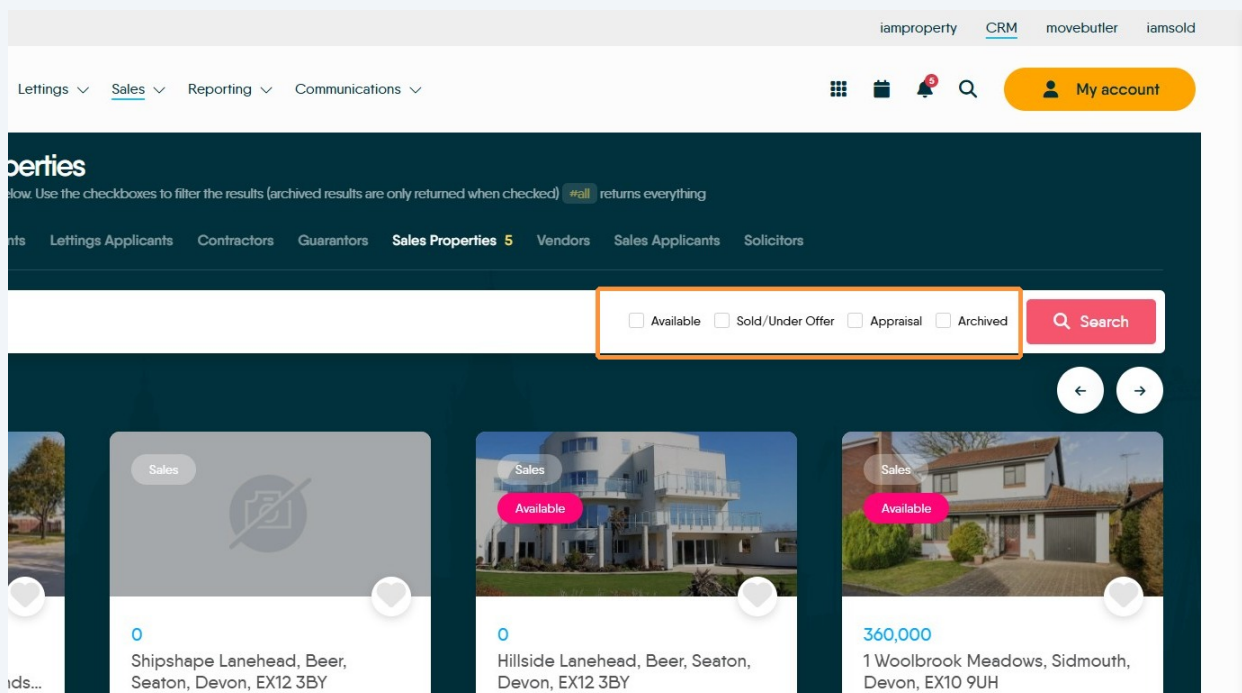

9

Clicking '**Properties**' will (depending on the dashboard you are in) open the sales or lettings properties screen. Initially this screen shows the 4 most recently added properties, you can move to see the next 8 (in 2 sets of 4) by using the arrows.

10

To filter the records on screen the options in the search field can be selected e.g. "Sold/Under Offer" the only way to view your archived records in this screen is to select the 'Archived' option on the screen.

11

Clicking the **"#All"** option will show all active records in a screen
There are 2 options for your view all screen, a **'grid view'** showing all the properties (for example) as tiles on the screen or click **'List View'** to see all your properties as a detailed list view.

The screenshot displays the 'iamproperty' web application interface. At the top, there's a navigation bar with 'Reporting' and 'Communications' dropdowns, and icons for a grid view, calendar, and notifications. Below this, a dark blue header contains the text 'for the results (archived results are only returned when checked) #all returns everything'. The main navigation bar lists categories: Contractors, Guarantors, Sales Properties (0), Vendors, Sales Applicants, and Solicitors. A filter bar shows checkboxes for 'Available', 'Sold/Under Offer' (checked), 'Appraisal', and 'Archived'. The main content area is titled 'Sales properties' and includes a search bar and a grid of property tiles. The grid view icon is highlighted in the bottom right corner. The property tiles show details such as 'Shipshape Lanehead, Beer, Seaton, Devon, EX12 3BY' and 'Hillside Lanehead, Beer, Seaton, Devon, EX12 3BY'.
